Hi Heather,

Please see the new demand file with monthly demand now at 9,138 and McKesson only has 18 days on hand as an average, which is a bid light. They usually have between 20-25 days on hand.

Thanks,  
Elva

Elva,

McKesson PO 8106700911 brings McKesson's Oxy 15mg month to date purchases to 9240 bottles. Previous forecast +10% equals 8625 bottles. Has McKesson increased their forecast?

This order has been released from U1 hold, however we require documentation for the SOM files.
